these files contain the necessary
particulars on the point

^{17/2} 2 Under sec 54, clause
(1) of the Municipal Regulation,
the establishment and maintenance of primary schools is
obligatory on the Municipal
Council while under sec 56,
clause (a), the furtherance of
other educational objects is
only discretionary - It appears
from the letter of the I. S. of
Education dated 21st May 1907
that the Mysore Municipal
Council is paying grants to
High and Middle Schools to the
extent of Rs 462 monthly while
the State is contributing Rs 298
monthly towards Primary
Schools. The ~~quest~~ Municipal
Council proposes that it may be
relieved of the grants for secondary
education in order to enable
it to incur larger expenditure
on primary education. That

Serial
No

there is need for spending more on primary education in the Mysore City is evident from the letter of the I S of Education dated 9th Feb 1907 wherein he recommended among others, four Primary Schools ~~for~~ ^{for} the Mysore City for new grants but the grants were not sanctioned. The question now is why the Municipal Council should not be ~~asked~~ made to bear all charges, present and future in connection with primary education (including the grants which are being paid out of State Funds) and relieved of the cost of secondary education in order to enable it to do so. It cannot incur additional expenditure on ~~account of~~ primary education without being relieved of some other charges, as its financial condition is very low and it has to incur debts on account of certain costly works. The

Serial
No

I G. of Education does not seem to be opposed to the transfer of the charges.

3 When this question was referred to the Fin. Branch for opinion, the Fin Secy Mr. Mugumdar thought that by Police charges are obligatory on the Municipality, that by the transfer of those charges ~~will~~ to the State budget ~~will~~ about the year 1890, the M_l Council benefited to the extent of Rs 10000, and that irrespective of its own responsibility under the law, it was trying to throw as much on Govt as possible. He wanted details of the proposed additional expenditure on primary schools to be called for. They were called for but were not furnished and the President finally submitted a resolution ~~that~~ of the Municipal Council that the question of opening more primary schools must be over for want of funds and this was recorded.

4 With due respect to the
Twn & Secys opinion, I am inclined
to think that the Town Police
charges cannot be regarded
as obligatory on the Muni-
cipal Council. Its obligation in
respect of such charges is limited,
to the extent specified in
sec 54 clause (3) of the M.L. Regn

5 The proposed arrangement
of relieving the Municipality
of all charges on secondary edu-
cation and directing it to bear
all charges on primary education,
present and future, including
what is now being paid out
of State Funds, may be referred
again to the Twn Branch for
~~reference~~ consideration. As de-
tails of the additional expenditure
on primary education are not
furnished, ^{it may be ordered that} the Municipal
Council ^{will} ~~may~~ be relieved of the
cost of secondary education
to the extent of the additional
expenditure it will incur
on primary education, so as

that Municipality was ordered

①	Ithageyed MV School	Rs 15
②	Dabroy English School	Rs 35
③	Balabhodan School, Fort	Rs 12

15 According to the J.G.'s statement the Mysore Municipality is paying a monthly grant Rs 462 to 11 Secondary Schools whereas the grants paid from State Funds towards the primary Schools in Mysore amount to Rs 298 a month. Thus if the Municipality is relieved of the grants to Secondary Schools and asked to bear the charge of all primary Schools in the City, it will gain Rs 164 a month which amount will have to be borne by the State.

16 Under Sec 92 of the Municipal Regulation of 1871 the City Municipality was bound to pay the whole or a portion of the cost of the Town Police up to 1889, when ^{that said section was abrogated}

-into in 1890. ~~It~~ I proposed that the Govt should take over the charges for Secondary Education imposed on the mun. in 1890 and that in its turn the Municipality should bear the charges for primary education in Mysore City now borne by Govt.

20 The principle of this exchange may be accepted, but a little discussion of details appears to be necessary before the actual amounts involved in the exchange can be fixed with definiteness.

21 In 1890 the Municipality undertook to bear ~~cert~~ grants certain schools amounting to 9180 Rs a year. It is believed that some of those institutions referred to then are not in existence ~~there~~ now & the Municipality has made grants to certain new secondary schools not ~~in existence~~ referred to in the order of 1890.

22) It is a question whether the Municipality should be relieved of this latter kind of charges which it is optional for it to incur under the new Regn

23) Again some of the institutions combine both primary & secondary depts. Are the grants for such instns to be borne entirely by Govt or shared between the Govt & the municipality?

24) In file 48303-06 there are two lists of existing aided institutions sent up by the 28 of Govt & the President City Muni^{ty} respectively. Some schools classed as primary by the 28, are shown as "secondary" by the President - It has to be decided which of these classifications is correct & ought to be followed.

25) If the principle of the Exchange of charges is accepted the 28 & the President may be asked to report in consultation with each other as to the actual amounts involved

From the list of Secondary Schools furnished by the President of the Municipality it appears that Rs 628 per mensem are paid by the Municipality for grants to such schools. According to the Jy's opinion, Nos 15 to 23 in the list do not appear to be Secondary Schools and the grants paid for them by the Municipality amount to Rs 148 p.m. Thus the Municipality pays a grant of (Rs 628-148) 480 per mensem. The cost on account of Primary Schools in the city to Govt according to the Jy's list is Rs 570^{112 of 623} p.m. Therefore the proposal to relieve the Municipality

33 The 26s letter does not give
all the information wanted -
As regards secondary schools with primary
classes it is understood that for
purpose of educational statistics the
schools are classed as high, secondary
or primary according to the highest
grade of education imparted in the
school - Thus a ~~school~~ ^{school} with only
primary classes will be classed as primary
schools - This broad division may also
be adopted to regulate the
incidence of the grant between
the municipality & the Govt.

note supra the munl grants

the change will not involve any

The Municipal President's letter of
13th Feby 1909 seems to me to imply that
more primary schools are wanted in the
City and that if the Govt relieved the Municipality
from the necessity of contributing towards secondary
Education the funds so set free would be
utilized by the Municipality in extending and
improving primary education within the City -
The way in which the matter is proposed to be
disposed of will diminish rather than increase
the power of the Municipality to extend & improve
primary education and I am not sure if the
interests of Education will not suffer I would
rather explain to the Municipality the result

of the strict application of the principle referred

It may be pointed out to the Municipality that the Government is spending more on Primary Education than the Municipality on Secondary education, and by a simple exchange of the burdens the Municipality will not gain anything financially. be given relief to that extent by
foot taking up the charges for

to be largely increased - espe-
cially if we decide to have com-

(40) The question of efficiency of
supervision need not be confused
with the source of expenditure
as I believe that S 54 or other
provisions of the Municipal
Regulation do not prevent the
supervision of schools being placed
(if necessary) under the Educa-

of opinion that satisfactory
arrangements can be made to
superintend primary education

From

H J BHABHA Esq M.A

Inspector General of Education in Mysore

To
Sir,
The Secretary to the Government of H. H.,
the Maharaja of Mysore,
for the Revenue Depto.,
Bangalore.

With reference to your letter 12th 417
278-08
dated 2nd July 1909 regarding the question of
relieving the Municipality of the city from the
payment of grants towards Secondary Schools in
the Mysore City, I have the honour to forward
herewith two lists - one showing the names
and other particulars of Secondary Schools as
given by the Vice President of the Mysore City
Municipality and the other the names of
Primary Schools in the City which are either
maintained from State funds or are aided
by grants from the State Funds.

2. I beg to state with regard to the

Secondary Schools, a list of which has been furnished by the Vice President, that numbers 15 to 16 and 20 to 23 in the list appear to be Primary Schools as no expenditure has been shown by the managers for the Secondary Department. Numbers 17, 18, & 19 are evidently Schools of the Primary Standard and their names have been given in the list of Primary Schools -

Proceedings at a Conference with the Municipal
Schools' Committee, Mysore, held in the Rangacharlu Mem-
orial Hall, Mysore, on Monday September 26

I There were present

Mr J Weir, Inspector General of Education (in the
chair)

Mr M C Rangalengar

Rev Mr Gulliford

Mr M Venkatakrishnaiya

II It was resolved that the Schools' Committee should work
out the details of a scheme for the redistribution of
grants on the following principles -

1 Definition of Primary Education

That "Primary Education" as used in the Municipal Act
shall be held to mean the education given in Infant
Classes A & B and Standards 1, 2 and 3

2 Municipal and Government grants

That Municipal grants should be paid only to schools
which confine their attention to Primary Education
That Government grants should be paid only to schools
of higher standard
That when a school of higher standard maintains any
primary classes the whole grant should be paid by
Government

3 Inspection

That the Municipality should not appoint an Inspector
That Government should undertake the inspection of all
schools in Mysore at its own expense
That the Government Inspector of Municipal Primary
Schools should be a member of the Schools' Committee

4 School Buildings

That the Municipality should be responsible for the
construction and maintenance of Municipal Primary
Schools

2.

That a fixed percentage of the annual ^{available} amount for educational grants should be set apart for the construction and maintenance of Municipal Schools.

that, if possible, the schools should be provided with a compound

III. It was resolved that the Deputy Inspector of Schools should be asked to give the Committee any information they require and assist them as far as possible in preparing ~~xxx~~ a detailed scheme.

IV It was resolved that the Committee should report on the question of recommending Government to appoint an Educational Officer as Ex-officio member of the Municipal Council

V It was resolved that the report of the Committee should be submitted to the Inspector General and if necessary considered at another meeting before any further action is taken in the matter

SIR

In continuation of my letter No 3602-5/247 dated 8th October 1910 submitting a copy of ^{the} Proceedings at a Conference with the Municipality schools Committee, Mysore, I have the honour to forward herewith 4 revised list of schools in the Mysore City the grants-in-aid of which are to be either newly paid or continued to be paid by ^{the} Municipality and Government respectively

2 In accordance with the distribution now made the Municipality will be released to the extent of Rs 510/- a month and pay extra grants amounting to Rs 367/- a month or in other words, there will be a net savings of Rs 143/- a month to the Municipality and a corresponding addition to the cost borne by Government

3 With the exception of the Nazarabad Kannada Boys' school which is held in a Government building whose approximate cost is Rs 3,500/-, all the other 4 Government Primary schools named in list No II are located in rented buildings Government if it ^{is} so pleased, may transfer the Government building of the Nazarbad Kannada school to the Municipality free of cost

4 With regard to the teachers and menials employed in the 5 Government

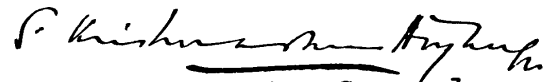

Government schools named in para 3, the Inspector of Mysore proposes that if the Municipality is agreeable, the services of the teachers and menials may be permanently transferred to the Municipality under Article 251 Appendix B -subhead 2 of the Mysore Regulations, I support the proposals of the Circle Inspector

It was agreed that the principles laid down by the Conference as recorded in Mr Weir's Proceedings of that gathering should be followed

The list of all the schools in the city was read and on the principles laid down by the Conference it was found that the following schools be taken over by the Government

Lists, I and II

It will be seen from this list that the Municipal Council will have 510 rupees ^{released} ~~realised~~ by the transfer of the Secondary Schools to Government and that it will have to take over from the Government Rs 367 monthly. This leaves a balance of Rs 143 monthly to the municipality for the development of primary education

We suggest that the Municipal Council receive this report and forwarded it to the Inspector General of Education. If the Government accept the scheme, then the committee will proceed to formulate a plan for the utilization of the more

With regard to the acquisition of sites for the primary school buildings, the committee have the matter still under consideration and hope to present a scheme at the next

meeting

The following alterations are necessary in the statements as recent Annual Returns --

Statement A

11' Boys' School, Mandipet	Has been reduced to the grade of a Primary School and so should be brought under statement B
Sivarampet Girls' School, (Victoria Lower)	This is altogether a separate School of the Primary standard getting only a grant of Rs 25/- from the Municipality, the Government grant of Rs 60 - 20 being paid to the Upper School. The original error is due to the fact that the grant is being drawn in the name of the two schools. This school should go to statement B

6 new schools have been given grants by Government with effect July, 1911. They should be included in Statement A

Kunchipara A V School,	Government Grant Rs 20
Widows' Home, Mysore	Government Grant Rs 60

Statement B

11. Boys' School, Old Agrahar, Mysore	Has been raised to the Middle standard and so should be included in statement A
---------------------------------------	---

and 7 of statement A are to be brought in here
of statement B. Nazarbad Kannada School should be omitted from the statement as it has become a Middle school

These modifications have been embodied in the statements A and B
which are returned with fair copies

At present the Mysore city
Municipal Council is paying ~~pay~~
grants ^{in aid} to Secondary Schools
and Primary Schools amounting
to Rs 510 and ~~57~~ ⁹⁷ respectively per m.
as per details given in ~~Statements~~ list
A to B. Govt also ~~is paying~~
grants to such schools besides
maintaining certain primary
schools under the management
of the State Govt. Dept. The
cost to Govt on ^{these} accounts of monthly
grants to ~~secondary schools~~ is Rs 1223-8-0 ^{secondary schools} 1308-8-0
and ~~primary schools~~ and Govt and aided
primary schools is Rs 367-11-0 ^{primary schools} 320-8-0
as per details given in the
same two ~~Statements~~ list

(Continuation Sheet draft form)

2 Under Section 54 ^{of the} ~~1906~~ ¹⁹⁰⁶ Municipal Regulation, it is obligatory on the Municipalities to establish and maintain primary schools within the Municipal limits and under Section 55 of the same Regulation the Municipalities may at their discretion make reasonable provision for furthering educational objects other than those of establishing and maintaining primary schools. The Mysore City Municipal Council now reports that the Municipality may be relieved of the cost of ~~schools~~ on account of the grants ~~now~~ paid by it for Secondary Schools with a view to enable the Municipality

to open more primary schools
The Dept of Edn recommends
that the cost to the Municip-
cipality on account of
grants to Secondary Schools Rs ⁴⁶⁵~~570~~ per
annum be transferred to the
State Funds and that the expenditure now
cost to Govt on account of
of primary schools in the
city Rs ³²⁰⁻⁸⁻⁰~~217~~ per ann be
transferred to the Municipality

This arrangement is
sanctioned with effect
from the ~~1st October 1911~~ July 1912

3 The Result of the
above arrangement is will be
an addl cost of Rs.
¹⁴⁴⁻⁸⁻⁰~~143~~ per ann to State Funds
and a saving of Rs ¹⁴⁴⁻⁸⁻⁰~~143~~ per
to the Municipality
The addl cost to the State

(continuation Sheet draft form)

will be included in the
 G.D. State Fund Budget
 for 1912-13 and ~~Sch. Table~~
 next year. The ~~municipality~~
 Savings of Rs ¹⁴⁴⁻⁸⁻⁰ ~~144-8-0~~ from which
 will accrue to the Municipality
 should be set apart for
 opening more primary
 schools in the city or improving
 & extending existing schools.

4. Under the above
 arrangement the manage-
 ment of the grant to all
 the aided Secondary Schools
 mentioned in ~~Statement~~ ^{list}
 A will be ~~paid~~ ^{amounting}
 to Rs ¹⁷²⁻⁸⁻⁰ ~~172-8-0~~ will be
 paid from the State Funds
 and the cost on account of
 the Govt. and aided primary
 schools in ~~Statement~~ ^{list} B
 viz Rs ⁴¹⁷⁻⁸⁻⁰ ~~417-8-0~~ will be
 borne by the Municipality.

The ~~5~~ ⁴ ~~Govt~~ Management of the 4
Govt primary schools in
the statement. It will also be
transferred to the Municipi-
ality. ~~The~~ ^{Four} of
these ⁱⁿ any schools are held
in rented ^{buildings} while the remaining
one viz the Narayana Govt
Kannada school is held in
a Govt building whose
approximate cost is Rs 3500.
This building will be ^{for the present} placed
at the disposal of the Muni-
cipality ~~free of cost.~~

Letter No 90 dated the 13th February 1907 from the President Mysore City Municipal Council submitting a copy of a Resolution of the Municipal Council about relieving the Municipality of the cost of Secondary Education in Mysore

2 Correspondence ending with letter No 8740—674 dated the 20th March 1911 from the Inspector General of Education in Mysore on the subject

No 35913—EDN 278 08 11 DATED BANGALORE 21ST NOVEMBER 1911

ORDER THEREON —At present the Mysore City Municipal Council pays grants in aid to Secondary School and Primary Schools amounting to Rs 465 and Rs 97, respectively per mensem as per details given in lists A and B. Government also pays grants to such schools in the Mysore City besides maintaining certain Primary Schools under the management of the State Education Department. The cost to Government on these accounts is Rs 1 308 8 0 for Secondary Schools and Rs 320 8 0 for Primary Schools according to the details given in the same two lists.

2 Under Section 54 of the Municipal Regulation VII of 1906 it is obligatory on the Municipality to establish and maintain Primary School within Municipal limits and under Section 50 of the same Regulation the Municipalities may at their discretion make reasonable provision for furthering Educational objects other than those of establishing and maintaining Primary School. The Mysore City Municipal Council requests that the Municipality may be relieved of the cost on account of the grants paid by it for Secondary Schools with a view to enable the Municipality to open more Primary Schools. The Inspector General of Education recommends that the cost to the Municipality on account of grants to Secondary Schools viz Rs 465 per mensem may be transferred to the State Funds and that the expenditure now incurred by Government on account of Primary Schools in the City viz Rs 320 8 0 per mensem be transferred to the Municipality. This arrangement is sanctioned with effect from the 1st July 1912.

3 The result of the above arrangement will be an additional cost of Rs 144 8 0 per mensem to the State Funds and a saving of Rs 144 8 0 per mensem to the Municipality. The additional cost to the State will be included in the Education State Fund Budget for 1912 13 and subsequent years. The savings of Rs 144 8 0 per mensem which will accrue to the Municipality should be utilized for opening more Primary Schools in the City or improving and extending existing schools.

4 Under the above arrangement the grants to all the aided Secondary Schools mentioned in list A amounting to Rs 1 773 8 0 per mensem will be paid from the State Funds and the cost on account of the Government and aided Primary Schools in list B viz Rs 417 8 0 per mensem will be borne by the Municipality.

5 The management of the four Government Primary Schools in statement B will also be transferred to the Municipality. The President of the Mysore City Municipal Council is requested to state whether the Municipal Council agrees to the transfer to the Municipality of the services of the teacher and menials employed in these four schools under Article 201 Appendix B sub head 2 of the Mysore Service Regulations to enable Government to pass formal orders in the matter.
